

CenterWell Pharmacy

Offering patients potential savings, safety and the convenience of mail delivery

CenterWell Pharmacy™ wants you and your patients to have the information you need to determine which pharmacy will best suit their needs. CenterWell Pharmacy might be the right choice for your patients, and here's why:

Cost-saving opportunities

- With 90-day pricing and low-cost alternatives, CenterWell Pharmacy may help reduce your Humana-insured patients' prescription drug costs.
- Many Humana Medicare Advantage members receive Tier 1 and Tier 2 generic medications for a \$0 copayment. Ask your patients to check their plan materials to find out if their plan offers this preferred cost-sharing pharmacy pricing.
- Some plans include supplemental benefits, including over-the-counter (OTC) allowances. Patients can check their plan benefits to see if an OTC allowance is included.

Easier adherence

- CenterWell Pharmacy notifies patients by email, phone or text message when their prescriptions need to be refilled and when their refills are about to run out.
- Patients avoid trips to the pharmacy, making it easier to adhere to their therapy.

Accuracy and safety

- Advanced technology helps ensure accurate medication dispensing.
- Two CenterWell Pharmacy pharmacists review each new prescription for accuracy and possible drug-to-drug or drug-to-disease interactions.
